

# EMERGENCY IN MOZAMBIQUE HUNGER REACHES DRAMATIC PROPORTIONS

A major famine is now threatening the people of Southern Mozambique caused by drought and a worsening security situation.

In a message from Oxfam's field Director there he speaks of "A disaster of major proportion."

Crops have been lost in the drought, relief supplies and efforts to re-plant have been disrupted by fighting.

Tens of thousands of people have had to abandon their homes as their food stocks have dwindled. They are now gathered at camps in the desperate hope of getting help.

Many have no food, no medicine and few clothes.

Oxfam has already spent £45,000 to send food for the children, vital medicines and cloth.

## **MUCH MORE WILL BE NEEDED.**

The effects of the drought will continue. Many people are already totally dependant on outside help. We urgently need to bring relief to the people of Mozambique. But our disaster funds have already been exhausted in helping those who are suffering from the extreme conditions produced by the World's weather.

Whatever you send will help us to make the difference even between life and death.

Please help us by sending a donation.

Anything you can afford will make a difference. But don't wait until it's too late. Write or phone today.
