

## **60 die in storm, Renamo strike**

**Argus Africa  
News Service**

MAPUTO. — More than 60 people died at Chibuto when a freak storm coincided with a Renamo attack.

The victims apparently died when water and mud swept into trenches in which they were hiding during the attack.

At least 57 died in the trenches, another five were shot dead by Renamo and another three apparently died of shock, said emergency relief co-ordinator, Mr Alberto Mundlovo.
