## President Machel's widow visits grave

MAPUTO.

THE widow of President Samora Machel, Cde Graca, on Wednesday took the youngest children of the fallen Mozambican leader to see the resting place of their father.

She showed her daughter Josina and her son Malengane the crypt in the monument to the Mozambican Heroes where Samora Machel's body lies next to that of the founder and first president of Frelimo, Eduardo Mondlane.

For an hour, Cde Graca visited the star-shaped monument and its surroundings. Immediately outside the crypt, there were still the dozens of wreaths brought by mourners to Cde Machel's funeral.

• The chairman of the South African Communist Party, Cde Joe Slovo, on Wednesday night called on the world to stand beside Mozambique against aggression from the Pretoria apartheid regime.

Cde Slovo made the call when he was received in Maputo by Mozambican Foreign Minister Joaquim Chissano, to whom he presented his party's

condolences for the death of Cde Machel.

Cde Slovo, who had come to Mozambique to attend Cde Machel's funeral on Tuesday, said that "solidarity with Mozambique is a contribution to the elimination of the crime against humanity which is apartheld". - Ziana-AIM.
