

A 40-member SA business delegation led by the Rennies shipping concern has returned home from a three-day visit to Mozambique. A senior executive of Rennies in Africa ... told Radio RSA Economics Desk that since the signing of the Accord of Nkomati in March this year there had been a change of policy by the Mozambican authorities in allowing more flexibility in the maintenance of equipment by clients and agents. In view of this, Rennies would contribute about \$1-m towards the improvement of shipping facilities in Maputo harbour.
