## **SA reschedules R26m debt**

**MAPUTO:** Mozambique and South Africa have agreed to reschedule a Mozambican debt of 26 million rands, the Mozambican news agency reported yesterday.

The National News Agency quoted Mozambican Central Bank governor Eneias Comiche as saying in an interview the agreement with South Africa resembled that reached last year with major Western creditors. The 1987 rescheduling extended payments over 20 years, with a 10-year grace period.
