FIFTY tonnes of maize meal left Harare on Tuesday night for Mozambique, where it will be distributed to displaced Mozambicans.

The maize meal, part of a consignment to be sent to Mozambique by the Zimbabwe-Mozambique Friendship Association, has been made available through donations by Zimbabweans.

Another consignment was

expected to leave on Wednesday while more would be sent next week.

The Zimofa chairman, Cde Herbert Mahlaba, appealed to individuals and companies to help the organisation with transport to ferry the emergency relief.

He said if the organisation could get more transport, it was capable of ferrying more food to displaced Mozambicans.
