

## **Cholera hits Mozambique**

**MAPUTO —** Fifty people have died in an outbreak of cholera this month in two cities in Mozambique, state radio reported on Thursday.

Seventy-five cholera cases were reported with 20 deaths, in the port city of Beira, but the situation was now under control, the radio said.

In the north-western city of Tete, 30 people died and 774 cholera cases were reported since the beginning of June. — Ziana-Rtr.
