Mozambique: MiG-21 crashes near Beira airport (Text) the Maputo daily 'Noticias' reports that a Mozambique Air Force MiG-21 plane crashed four km from Beira airport yesterday, (?Erone Algie Suleiman), the pilot, was unable to eject and was killed instantly. The accident took place at about noon and an official source contacted by the newspaper pointed out that it could have been caused by the bad weather around the airport area. (Radio Mozambique, Maputo in Portuguese 0900 gmt 14 Jun 89)
