[Text] Yesterday, the Zimbabwean railroad authorities disclosed that Mozambican armed bandits entered Zimbabwean territory and killed four railroad workers last Sunday.

According to AIM, a Zimbabwean railroad source has revealed that the four workers were killed 20 km from the common border at Chicualacuala, in Gaza district.

Recently, Mozambican armed bandits have been carrying out atrocities and destruction inside Zimbabwe, within the framework of South Africa's policy of destabilization of southern African countries.
