MAPUTO. — The South African-backed MNR bandits on Saturday night killed two people and destroyed two shops in Josina Machel Island, in Manhica district, some 80 km north of Maputo.

The island, named after the first wife of the late Mozambican president, Cde Samora Machel, is surrounded by the Incoluane, Incomati and Mwatsecula rivers. The MNR bandits used rubber dinghies to reach the island.

A shop belonging to a private trader, Fernando Chirindza, was totally destroyed by the bandits and damage estimated at more than US\$22 000 was caused. — Ziana-Pana-AIM.
