ANNEX 'A' TO

MIS 'F' LTR S/210/100/4/3

DATED 24 AUGUST, 1989

the reason why RENAMO forces are in Zambia

you fool, why are you
in Renamo liberated
zones?
I kill you because
you support Renamo.

You are not a mozambican. I can
tell from you language but you
are not entitled to ask me that
question nor kill me. This is
a mozambican cause by mozambican
whether you kill me my spirit
continues supporting
Renamo because we
have a cause.

THIS IS THE REASON WHY WE SENT OUR SOLDIERS
TO ZAMBIA

WHAT KIND OF WAR IN MOZAMBIQUE?

The war in Mozambique is a revolutionary
one.

This means that it is a war between brothers
of the same mother. The end of it requires all
members of the family sitting together without
outsiders..

BUT!

Zambia sent its forces to help the unwanted Frelimo
government. These soldiers, like many foreign soldiers,
have no feelings of humanism. They kill our mothers and
fathers, our brothers and sisters for supporting us.

This is why we decided to send our forces in Zambia - to revenge against the
killings your brothers are doing in Mozambique. This is only the beginning.
As long as you do not withdraw your forces from Mozambique, we shall hit
harder in Zambia.

WARNING

We warned Kaunda before we sent our troops, we asked him to withdraw his

forces, but he turned a deaf ear. So we shall hit back as long as no withdrawal is made, this what is called RETALIATORY ACTION.
.....

DEEP FEELINGS

We deeply feel for the lives of our mothers and fathers, brothers and sisters killed and maimed by you Gambians here on our soils. And we hope you will feel the same too for those who may lose life under this retaliatory action.

FOREIGN INTERVENTION

We know that you Gambians do not like foreign intervention in your country. You demonstrated this when the world bank intervened and dictated to your government on pricing of food commodities.

TRUE

Indeed it is true - foreign intervention of any kind is bad. We of Senegal are of the same opinion too. The war in Mozambique is a brotherly war. It will only be settled between the two brothers. So we shall hit back on any foreign intervention on this brotherly conflict. This is why we have given an introductory fist to Gambia - because we think tit for tat is a best remedy. We are doing exactly what Gambia soldiers are doing here.

-Killing innocent people.

READY TO WITHDRAW

We are ready to withdraw our forces any time you Gambians withdraw your brothers who are killing our people here.

PROMISE

We promise to intensify our attacks inside your country if you do not withdraw from Mozambique.

RESPECT OF SOVEREIGNTY

Senegal respects the sovereign integrity of Gambia and expect that you will never intervene in internal conflicts of others.

THE STRUGGLE CONTINUES!
