

Trains ambushed by Renamo

MAPUTO: Renamo rebels ambushed two trains last Friday on the railway linking the northern port of Nacala to landlocked Malawi, according to a spokesman for Mozambique railways, quoted yesterday by Radio Mozambique.

The attacks mark a violation of a verbal pledge given last December by Renamo during the peace negotiations in Rome with the Mozambican government. An agreement was signed on December 1 establishing a partial ceasefire in the Beira and Limpopo rail corridors that link Zimbabwe to the Mozambican coast.
