

Fifteen killed by Frelimo, reports claim

Lisbon, Aug 26.—Frelimo guerrillas have killed 15 plantation workers in Nhacamba in the Tete district of northern Mozambique, according to reports from Nampula. The Portuguese Army claims that five guerrillas have died in military and police action in the district.

Reports from Vila Cabral say that Mrs Abissina Incube, aged 25, who claims she was kidnapped with her husband and child and taken to Tanzania, has reached Portuguese troops. She said her husband had been executed while trying to escape.
