Dear Sir:

According to The World Bibliographical Series, Vol. 78 (Mozambique), in 1977 you published the Grier and Kinsman's edition of the Inventory of Selected Documents from the Immanuel Wallerstein Collection of Political Ephemeral of Liberation Movements of Lusophone Africa and Anglophone southern Africa, 1958-1975.

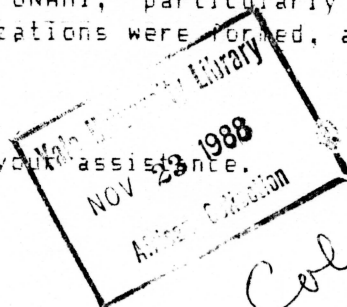

As the possibility of getting the aforesaid inventory in Swaziland is extremely remote, I would appreciate it if you could inform me whether the document, Gloomy Situation in Frelimo, by Uria Timoteo Simango (Dar es Salaam, 3 November 1969), is included in the inventory, and if so how to obtain a copy.

I am also interested in particulars about the Mozambique African National Union, MANU, and the Uniao Nacionalista Africana de Mocambique Independente, UNAMI, particularly the precise date and place where these organizations were formed, as well as the names of their leaders.

Thank you very much for your assistance.

Yours faithfully,

*Domingos J Massingarella*
