

## Renamo promise

MAPUTO: Renamo leader Afonso Dhlakama has promised his movement will not resort to war again.

He made this clear in a faxed message on Friday night to Mozambique's daily paper, Noticias.

Dhlakama was reacting to a story on the Portuguese service of the BBC earlier this week, which reported that Renamo was preparing to restart the war.

The story was based on anonymous sources, but Dhlakama claimed it was part of a campaign "organised to denigrate Renamo's image". — AFP.
