

# Renamo boycotts meeting

*Sunday Mail*  
20/11/21 — MAPUTO.

**A MEETING** between the government and representatives of Mozambique's political parties discussed final details of the country's electoral law on Friday — but the meeting was clearly of limited value since one of the main actors, Renamo, did not bother to attend.

Nonetheless, Justice Minister Cde Ali Dauto told the daily paper *Noticias* he was optimistic that the law would be completed in time to go before the next session of the Mozambican parliament, which is meeting on 29 November. He believed that the discussions among the parties on the content of the law were virtually over. —
