Asked if De Klerk had indicated what he discussed with Mandela, Chissano said: "He informed me about their meeting. But he was not prepared to elaborate. I

did not squeeze him on it."

He also said he supported and welcomed Kenyan President Daniel Arap Moi's recent efforts to end the Renamo-Fre-

limo hostilities which had devastated Mozambique.

Asked why he saw fit to meet De Klerk, he pointed out: "I'm doing it so that we (South Africa and Mozambique) can work

together." Friday's summit was initiated by Chissano.

As De Klerk's plane took off, Chissano raised his right hand in a gesture of farewell.
