In response to cholera and malaria epidemics in Mozambique in the past weeks, Ecu 300 000 has been allocated for the purchase, transport and distribution of vaccines and other medicines as well as for the sending out to Mozambique of medical teams from the Non-Governmental Organisation "Solidarietà con il Terzo Mondo".

A grant of Ecu 3 000 000 has also been approved as a contribution to humanitarian organisations aid programmes for the victims of the fighting and for the malnourished.
